NOTICE OF SALE OF FRANCHISE TO LAY A PIPE LINE FOR THE TRANSPORTATION OF PETROLEUM, OIL, AND LIQUID HYDROCARBON PRODUCTS THEREOF AND GAS, OR ANY THEREOF.

TO WHOM IT MAY CONCERN: NOTICE IS HEREBY GIVEN that an application has been made to the City Council of the City of Torrance, California, by the Shell Oil Company, Incorporated, a Virginia corporation, authorized to transact and transacting business in the State of California, and having its Los Angeles office in the Shell Building, 1008 West Sixth Street, Los Angeles, California, for a certain franchise and privilege, for a term of forty (40) years from and after the date of the passage of the ordinance granting the same, to lay, construct, maintain, operate, repair, renew, change the size of, and remove a pipe line for the transportation of petroleum, oil, and liquid hydrocarbon products thereof and gas, or any thereof, and the character of said franchise and privilege being more particularly shown in the terms, provisions, and conditions thereof hereinafter specified; and that it is proposed by said City Council to offer said franchise and privilege for sale, that bids will be received therefor, and that it is further proposed by said City Council to grant the same to the highest bidder, all as hereinafter particularly provided. The said franchise shall be upon the following terms, provisions, and conditions, and shall be substantially in the following form, to wit:

1. A franchise and privilege to lay and construct, and for a period of forty (40) years from and after the date of the passage of the ordinance granting such franchise and privilege, to maintain, operate, repair, renew, change the size of, and remove a pipe line, not to exceed twelve inches (12") in internal diameter for the transportation of petroleum, oil, and liquid hydrocarbon products thereof and gas, or any thereof, in, under, along and across those certain public streets, highways, and alleys (hereinafter for convenience collectively referred to as "highways") in said City of Torrance hereinafter mentioned, along one (but only one) of the routes described as follows, to wit:

Route No. 1: On Maple Avenue from the northerly terminus thereof to Sepulveda Boulevard, thence easterly on Sepulveda Boulevard to the boundary of the City of Torrance.

Route No. 2: On Hawthorne Avenue from the northeasterly right of way line of the Atchison, Topeka and Santa Fe Railway Company to Sepulveda Boulevard, thence easterly on Sepulveda Boulevard to the boundary of the City of Torrance.

The route in which said pipe line is to be laid shall be selected by the grantee who shall give notice of the route so selected within thirty (30) days after the passage of the ordinance granting said franchise.

2. Said franchise is to be granted and shall be held and enjoyed only upon the terms and conditions herein contained, and the grantee must, within thirty (30) days after the passage of the ordinance granting said franchise, file with the City Clerk of Torrance a written acceptance of such terms and conditions.

3. The term "grantee" whenever used herein shall be held to include the grantee, or its successors and assigns.

4. The grantee shall have the right to construct and maintain such traps, manholes, conduits, valves, appliances, attachments and appurtenances (hereinafter for convenience collectively referred to as "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipe line under said franchise, and said appurtenances shall be kept flush with the surface of the highway and so located as to conform to any order of the City Council in regard thereto and not to interfere with the use of the highway for travel. The grantee shall have the right, subject to such regulations as are now or may hereafter be in force, to make all necessary excavations in said highways, for the construction and repair of said pipe line and appurtenances.

5. So far as is practicable, said pipe line shall be located along the edge or shoulder of the highway or in the parking so as not unreasonably to disturb the flow of traffic and where possible shall be laid in the unpaved portion of the highway. If the pipe line shall be laid across or along the paved portion of the highway after the pipe line has been laid, may be made by the City at the expense of the grantee, and upon the presentation of a bill therefor, the grantee shall pay the same at once. The expense so chargeable to the grantee shall be determined upon the basis of the City's established rates therefor, provided that the grantee shall in no event exceed the actual cost of such repair.

6. The pipe line and appurtenances constructed or maintained under the provisions of said franchise shall be constructed and maintained in a good, workmanlike manner and in conformity with all the ordinances, rules or regulations now or hereafter adopted or prescribed by the City Council of said City. All pipe laid under said franchise shall be of first-class material, and no pipe laid under said franchise shall exceed twelve inches (12") in internal diameter.

"Public Notices"

tee shall be determined upon the basis of the City's established rates therefor, provided that the grantee shall in no event exceed the actual cost of such repair.

7. The work of constructing, maintaining or repairing all pipes, pipe line, and appurtenances shall be conducted with the least possible hindrance to the use of the highways for purposes of travel, and as soon as such work is completed, all portions of the highway which have been excavated or otherwise damaged thereby shall be placed in as good condition as the same were, before the commencement of such work, to the satisfaction of the Superintendent of Streets of said City; and any damage or injury suffered by any person by reason of any excavation or obstruction being improperly guarded during said work shall be borne by the grantee of said franchise.

8. Said City of Torrance reserves the right to change the grade of any highway over which said franchise is granted, and the grantee shall, within thirty (30) days after receipt of written notice from said City Council, change the location of all pipes and appurtenances constructed under said franchise so as to conform to such change of grade.

9. If any portion of any highway shall be damaged by reason of breaks or leaks in any pipe or conduit constructed under said franchise, the grantee thereof shall, at its own expense, repair any such damage and put such highway in as good condition as it was in before such break or leak, to the satisfaction of the Superintendent of Streets of said City.

10. The grantee shall, in good faith, commence the work of laying the pipe line and appurtenances a portion of which is covered by such franchise and privilege within not more than four months after the date of the passage of the ordinance granting said franchise and privilege, and if such pipe line be not so commenced within said time, said franchise and privilege shall be declared forfeited, but the grantee shall not commence the construction of any pipe line under the provisions of said franchise until it shall first have obtained a permit from the Superintendent of Streets of said City to do so. Such permit shall be granted, under the provisions of Ordinance No. 28 of said City, passed July 5, 1922, upon application of the grantee, which application shall show the following facts: The length and proposed location of the pipe line proposed to be laid or constructed, the size and description of the pipe intended to be used, and such other facts as the Superintendent of Streets may require. Upon the completion of the construction of the pipe line constructed pursuant to said franchise, the grantee shall render a statement to the Treasurer of said City of Torrance, showing in detail the permit or permits issued and the total length of pipe line, the construction of which was authorized under said franchise and privilege, and the total length of pipe line actually laid, and the grantee shall accompany said report with payment to the Treasurer of said City for the pipe line which has been actually constructed under said franchise at the rate of One Dollar (\$1.00) per rod.

11. On or about the 15th day of January of the year following the year in which said pipe line or any portion thereof has been laid and constructed under said franchise, the grantee of said franchise shall file with the City Council a map or set of maps each drawn to a scale of not less than 600 feet to one inch, showing in detail the exact location and size of all pipes laid by it beneath the surface of the public highways hereinafter described. Likewise, whenever any portion of said pipe line located under the surface of said highways, is abandoned, the grantee shall, on or about the 15th day of January of the year following that in which such abandonment occurred, file with said City Council a statement in writing, giving in detail the location of the pipe line, or portion thereof, so abandoned, and a map or set of maps showing the location and size of all pipes laid under said franchise and not theretofore abandoned.

12. The grantee shall, beginning at the expiration of five (5) years after the date of the granting of said franchise and continuing thereafter during the life of said franchise, pay to the

"Public Notices"

Treasurer of said City of Torrance that portion of two per cent (2%) of the gross annual receipts of such grantee arising from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of the grantee of which the pipe line laid pursuant to said franchise is a part that the length of the pipe line laid pursuant to said franchise bears to the length of said pipe line of which the line laid under said franchise is a part. If such portion of such gross annual receipts of the grantee does not equal a sum computed at the rate of \$40.00 per mile for the length of the portion of the pipe line laid pursuant to said franchise, then, in that event, grantee shall, in addition to such portion of such gross annual receipts, pay such additional sum as is necessary in order that the annual payment shall equal the sum computed at such rate of \$40.00 per mile; provided, however, that such percentage and/or minimum payment shall not be required for the first five years after the date of the granting of said franchise, but thereafter the payment provided for in this paragraph shall be payable annually. Notwithstanding the foregoing provisions of this paragraph, the grantor shall have the advantage of any act of the Legislature of the State of California which may hereafter be enacted covering the subject matter hereof whereby municipalities may thereafter receive a greater return for the use of franchises of the character provided for herein; provided, however, that such greater return shall be applicable only with respect to payments accruing subsequent to the effective date of such legislation.

13. It shall be the duty of the grantee to file with the City Clerk of said City of Torrance at the expiration of six (6) years after the date of the granting of said franchise, and at the expiration of each year thereafter, a verified statement showing the total gross receipts of the grantee, during the preceding twelve (12) months, from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of grantee of which the pipe line laid pursuant to said franchise is a part; and within ten (10) days after the time for filing the aforesaid statement, it shall be the duty of said grantee to make to the City Treasurer of said City of Torrance the payment provided for in the preceding paragraph hereof.

14. Said grantee shall not sell or assign said franchise, or the rights or privileges granted thereby without the consent of the City Council, nor shall said franchise be sold or assigned except by a duly executed instrument in writing filed in the office of the City Council of said City of Torrance; and nothing in said franchise contained shall be construed to grant to said grantee any right to sell or assign said franchise, or any of the rights or privileges thereof, by grantee, except in the manner aforesaid.

15. Upon any neglect, failure or refusal of the grantee to comply with any of the conditions of said franchise, said City, by its City Council, may declare said franchise forfeited, and may exclude said grantee from further use of the highways of said City under said franchise, and said grantee shall thereupon surrender all rights in and to said franchise, and it shall be deemed and shall remain null, void, and of no effect.

16. The grantor, or any successor municipal corporation hereafter formed, shall have the right at any time after five (5) years from the taking effect of the ordinance granting said franchise, to acquire the works, property and rights of the grantee, or any portion thereof, complete, or operated or operated under the franchise upon making reasonable compensation therefor.

17. Said franchise is to be granted subject to the further condition that the grantee has now and shall at all times during the life of said franchise keep on file with the said City Council a bond running to said City in the penal sum of Five Hundred Dollars (\$500) with at least two good and sufficient sureties to be approved by said City Council, conditioned that the said grantee shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond the whole amount of the penal sum therein named shall not be so filed, and a award of said franchise and privilege will be set aside and any money paid therefor shall be forfeited.

"Doctrine of Atonement" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. This verse from II Corinthians, "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation," constitutes the Golden Text. A Scriptural selection includes these verses from Acts: "And a certain man came from his mother's womb was carried, whom they laid daily at the gate of the temple which is called Beautiful, to ask alms of them that entered into the temple; Who seeing Peter and John about to go into the temple asked an alms. . . . Then Peter said, Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk. And he took him by the right hand, and lifted him up; and immediately his feet and ankle bones received strength. And he leaping up, stood, and walked, and entered with them into the temple, walking and leaping, and praising God." One of the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Through all the disciples experienced, they became more spiritual and understood better what the Master had taught. His resurrection was also their resurrection; it helped them to raise themselves and others from spiritual dullness and blind belief in God into the perception of 'infinite possibilities.'"

Gordon De-Toxification
If Taken in Time, May
Forestall a Surgical
Operation

Most eminent authorities contend that 90% of all chronic diseases are due in most cases to pollution of the blood stream by improper function of the Colon, small INTESTINES, overtaxed kidneys, etc. In most cases a functional disorder causes constipation. To get at the very bottom and basic cause of a large number of ailments that have heretofore resisted the best efforts of all branches of healing, I have installed the remarkable, new GORDON DE-TOXIFIER, Gordon De-Toxifier, by removing the disease producing materials at their fountain head in the intestines, enables the body to stop further damage and rebuild the affected parts and restore them to normal. Causes of irritation and numerous infections are removed. Gordon De-Toxification is pleasant and not embarrassing. It is leak and odor-proof because the entire process takes place under water and airtight conditions. It has no disagreeable features whatsoever, nothing that might offend a person of the most fastidious taste and sensitiveness.

This Natural, Drugless Therapy
Accomplishes the Following:

1. Cleanses both large and small bowel, thoroughly and in a harmless manner.
2. Massages the bowel and gives necessary tone to tissues involved.
3. Its employment of oxygen destroys the anaerobic germs, which cannot live in this medium.
4. Purifies the blood stream; proved by microscopic examination after treatment.
5. Relieves rheumatism, arthritis and neuritic pain, often in one treatment.
6. Reduces hypertension or high blood pressure, thus easing the work of the heart and freeing the walls of its cells, and the brain, from undue strain.
7. Indicates to patients what foods to avoid, to insure maximum efficiency in digestion.
8. Lessens a burden thrown on the liver and kidneys.
9. Re-establishes a normal peristalsis, or natural muscular activity of the intestines.
10. Improves sinus and antrum complications in a few treatments.
11. Insures a good complexion, by eliminating causes of poor complexion from the blood.
12. Assists in preventing the hardening of the arteries; by minimizing the deposits of calcium and magnesium salts on arterial walls.
